

AI Social Implementation Education and Research Division

◇ AI Social Implementation Education and Research Division Organization Chart

Since the conclusion of an agreement of cooperation between the Matsuo Laboratory at the University of Tokyo (Mitoyo, Kagawa) and the National Institute of Technology Kagawa College (NITKC) on August 30, 2018, NITKC has been actively promoting development and social implementation of AI through Deep Learning Methods.

On April 1, 2020, the National Institute of Technology, Kagawa college have established the "the NITKC AI Social Implementation Education Research Division" building upon the educational and research resources as well as achievements of the Matsuo Lab at the University of Tokyo and Kagawa Kosen.

The Division actively delivers educational programs in AI and its foundational data science. Through these initiatives, we aim to cultivate students and researchers who possess creative ideas and the initiative to implement them in society, while also promoting the social implementation of research outcomes through collaborative projects with local enterprises.

Conclusion of the Agreement of Cooperation between Mitoyo Matsuo Laboratory of the University of Tokyo and NITKC (August 2018, Mitoyo City Hall)

The NITKC AI Social Implementation Education and Research Division will promote education through the following activities:

- (1) Research Development for AI student researchers.
- (2) Community Education (social implementation) in cooperation with local areas.
- (3) Accessible Lectures (visiting and remote) related to human resource development in AI technology
- (4) Regional Cooperation with the Mitoyo AI Social Promotion Organization (MAiZM)*

The NITKC AI Social Implementation Education and Research Division will establish the "Takuma Campus Education and Research Center for AI Social Implementation" and the "Takamatsu Campus Education and Research Center for AI Social Implementation" to promote AI education and social implementation on each campus.
